

# Meeting minutes

Standup Meeting

31/08-4:00pm

## **Present:**

Jacob Morris

Jia Bang Vuong

Sophia Nguyen

Jessica Michelle

## **Apologies:**

Han Chien Leow

## **Agenda:**

Where is everyone up to

## **Points:**

Progress since last meeting

As a group:

As individuals:

Jacob

- Working on with react – confident with states and authentication
- Will prototype based off of figma content

Jia

- Changed out some files (person + account classes => person + role + privilege classes)
- Also added security config, validation, userDetailsServiceImpl classes

Sophia

- Designed website in figma
- Looked into how pages can be rooted/routed together

Jessica

- Updated own branch with new classes from other branches

Issues:

- 

#### **Actions:**

- **Next meeting: Wednesday 4PM**
- Sophia - work on figma design
- Jacob start prototyping based off of figma design
- Jessica and Han sort out which functionality they are handling in back end and try to complete some functionality
- Jia finish off documentation for the sprint planning and other relevant documents
