Apologies:

Jacob Morris

Agenda:

Points:

Progress since last meeting

As a group:

Jacob has been able to connect the front end with the backend, and has had his pull request accepted into the develop branch. Sophia has been successful with implementing the front end form for user input. Jia has also completed the majority of the backend regarding bookings and services (named as businesses) , and had his pull request accepted into the develop branch.

Issues:

Jia has problems with working with circleCI. He is looking to watch the lecture about it later this night.

Sophia is currently working on the backend to fix the issue regarding redirecting users after logging in and signing up.

Actions:

- **Next meeting is Tuesday 4PM**
